

Top 5 Reasons

To Choose OnBoard Tours

REASON 1:

Why Leave Your Guide Behind?

Get The Service You Deserve

Hop On, Hop Off Tours are great - if you don't mind waiting in line for the next bus to come hoping there will be a seat available for you or that it doesn't start pouring rain. And what about navigating a new city? What happens when you get lost, or you really want to know the history behind that gorgeous old building with the fountain in the courtyard? OnBoard Tours give you peace of mind - not only are you assured a seat on one of our climate-controlled shuttles (we'll talk more about how great our shuttles are later) - but you're also guaranteed a guide who will be with you every step of the way. That's right! Our guides actually hop off with you to give you the real history of NYC. It's like two tours in one - a walking tour and a bus tour of the city that never sleeps.

REASON 2:

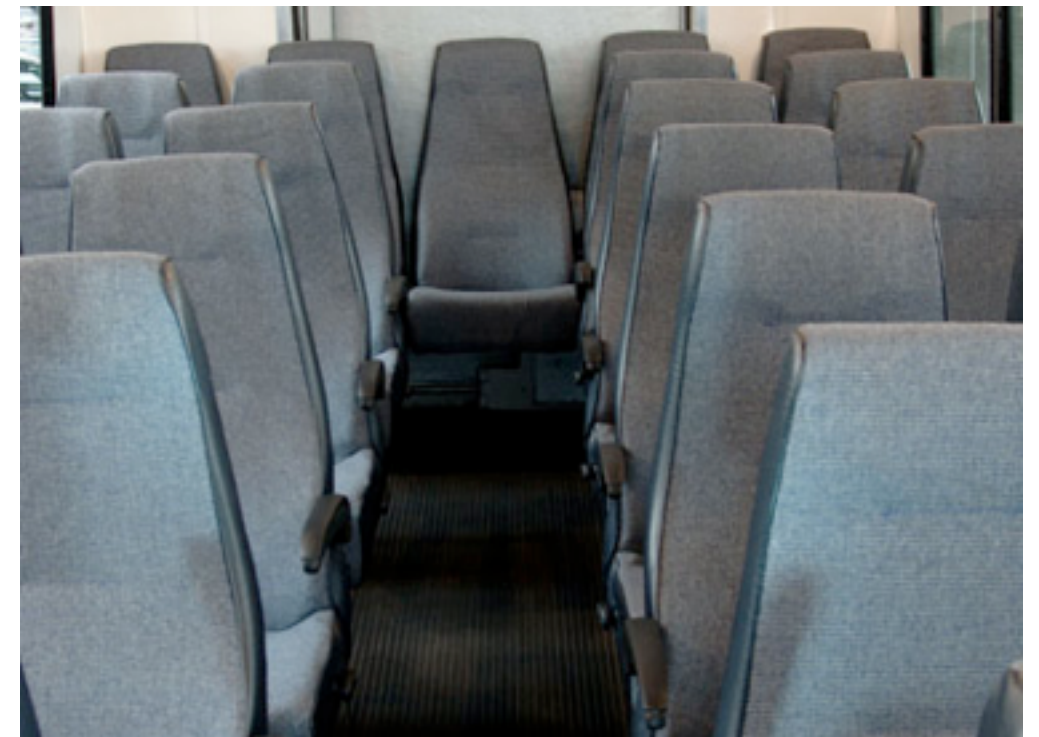

Climate-Controlled Shuttles

See NYC In Comfort

Don't get left out in the rain! Or stuck suffering in the summer heat or winter chill. Our shuttles are climate controlled, so you aren't sitting on top of a bus baking in the sun or getting drenched when it rains.

Sit in your very own padded bucket-seat, and rest assured that you will be comfortable for your entire trip.

REASON 3:

Smaller Group Sizes

Not Just Another Number

Our tours are limited to 35 people or less. We pride ourselves on creating a memorable and intimate experience for our guests. Our unique tour format guarantees that you'll not only be able to see and hear your tour guide at all times, but you'll also have more interaction with your tour guide and spend less time waiting on the group.

REASON 4:

New York's Finest...

Tour Guides That Is!

When our tour guides tell a story, it's not just from a script. It's from the experience and knowledge only a true local can offer.

We only hire the best - so that you're assured the very best tour of NYC!

Arrive A Tourist. Leave A Local.

REASON 5:

Free Bottled Water

Stay Hydrated - Save Money

Traveling can be expensive and tiring. Let us go one step further by providing you with FREE bottled water throughout your tour.
